

HEAD of ELECTRONICS
Full Time Permanent
Required for September 2025

The College of Richard Collyer in Horsham, 'Collyer's', is one of the leading sixth form colleges in the country and the no.1 choice for A Levels in West Sussex.

We are looking to appoint a well-qualified and enthusiastic A-level or L3 teacher, with an outstanding track record of ensuring students achieve their very best, to lead the Electronics A-level qualification.

Established almost 500 years ago, the College of Richard Collyer is forward thinking in every way. Our mission is simple: to deliver the best possible education to our 2,500+ students aged 16 to 19. Our achievements speak for themselves consistently placing us within the top sixth form colleges nationally. In the summer of 2024, our students achieved an outstanding 59% A*-B. Results across our other qualification types are equally as strong. Approximately 70% of our offer is A-Levels, with 25% comprising Level 3 vocational and technical qualifications, and 5% comprising our Transition courses for students to bolster their Level 2 qualifications before progressing to Level 3. Alongside our academic, vocational and technical course we have a thriving enrichment programme with over 130 activities available to all students from sports to arts and crafts, and music.

A great college deserves a great location: we're close to the centre of the historic market town of Horsham and under an hour from London by train. We're a supportive community rather than just a place to work, and we are deeply committed to the professional development of our staff.

Qualifications: Good degree in relevant subject and teaching qualification (PGCE, Cert Ed, DET).

Experience: Current or recent experience of teaching A-level or L3 qualifications in Electronics, or a closely related subject.

Knowledge and Skills: An excellent understanding of Electronics and good practical skills, including lab safety and the ability to use digital resources and IT to support teaching and learning.

Personal Qualities: Excellent teamwork and communication skills, flexibility and effective organisation.

Motivation and expectations: A commitment to high standards, to motivate and support staff and encourage the growth and maturing of students. An enthusiasm for teaching and supporting students.

Our Electronics A-level is delivered via 4 and 20 minutes of lessons per week following the Eduqas specification. There are approximately 35 students in each year of the course, and the Head of Electronics currently teaches all groups. The subject is taught in a fully appointed lab,

COLLYER'S

The College of Richard Collyer

supported by two experienced technicians who also work with the Physics team. The subject is a thriving area of the Faculty of Science – a vibrant community of supportive professionals.

Collyer's is committed to the professional development of all staff. Staff are encouraged to attend external CPD as well as in-house training events.

Collyer's is committed to safeguarding and follows safer recruitment procedures.

Salary range: On the SFCA salary scale £32,178 (Point 1) to £49,725 (Point 9) + Responsibility Allowance of up to £2,184 depending on experience for Head of Subject.

To apply, please visit <https://www.collyers.ac.uk/vacancies/>

Closing Date: 9am Wednesday 23rd April.

If you have any queries or would like to visit the college, please contact us on jobs@collyers.ac.uk. We look forward to hearing from you.
